Methodist investing \$70M-plus to turn long-vacant site into new I-10 hospital

May 5, 2023, 1:09pm CDT

W. Scott Bailey | SABJ

Methodist Healthcare is making a significant investment to turn a shuttered site into a new hospital in Northwest San Antonio.

Methodist Healthcare is set to open in August its newest hospital in a high-growth area near Interstate 10 and Loop 1604 as it nears completion of a redevelopment of the former Forest Park Medical Center that closed in 2015 due to financial challenges.

The Methodist Hospital | Landmark project has been in the works for years as Methodist first acquired the property in 2018. The pandemic impacted its timeline for improving the site and transforming the multistory structure into a new acute-care hospital.

"We did have to make a schedule adjustment," said Ryan Simpson, who is CEO of Methodist's flagship hospital campus in the South Texas Medical Center and will also oversee the Landmark hospital.

Methodist is spending roughly \$75 million, including site acquisition costs, to redevelop the former Forest Park hospital. That fact that the structure sat empty for so long has driven up costs for improvements needed to bring the facility up to speed.

"It has required some significant investment," Simpson said. "There are the ever-changing construction and facility codes that are rapidly evolving in the health care space."

The 54-bed hospital will have 12 operating rooms once completed. The 155,000-square-foot hospital will also house 27 private patient rooms and 14 VIP suites. Angela Saif will serve as the new hospital's chief nursing officer.

The hospital campus, spread across a nearly 9-acre site with a hilltop view, will primarily serve an expanding population in Northwest San Antonio and up the I-10 corridor that has historically had to travel to the medical center for care.

"It will have a surgical focus," Simpson said. "But we'll also be assisting with the inpatient capacity demand that we're seeing across all of Methodist Healthcare."

That relief is essential as Simpson said other Methodist hospitals across the city are routinely at or near capacity, which has driven its leadership to pursue additional hospital development, including a \$150 million project in Westover Hills.

But Simpson's focus is on the Landmark hospital, which will take the Methodist brand to a key area.

"That intersection of I-10 and 1604 is obviously a very important crossroads," he said. "I feel like we are really positioned well to serve that community."

Phoenix developer preparing to bring 384-unit apartment project to Far Northwest Side

A Phoenix developer bought more than 16 acres of vacant land east of the University of Texas at San Antonio to build a 384-unit multifamily community.

Alliance Residential purchased a 16.25-acre lot at Vance Jackson Road from Galleria Ventures Ltd for an undisclosed price Dec. 11, according to Reonomy data. The property was last assessed for \$5.62 million, according to the Bexar County Appraisal District. The property is just southeast of the road's intersection with Presidio Parkway and directly north of the West Oaks Luxury Apartments at 14838 Vance Jackson Road.

DOSCH MARSHALL REAL ESTATE

Alliance Residential has acquired 16.25 acres of land to develop a multifamily property near UTSA.

"Construction and land cost are on the rise, so finding a place to develop multifamily can be difficult," said Tripp Rich, senior vice president of Houston-based land brokerage Dosch Marshall Real Estate, who facilitated the deal for Alliance. "We were able to find the last multifamily-zoned site in this corridor to buy and develop."

This is Dosch Marshall Real Estate's first closing it has facilitated in San Antonio as the brokerage expands into the region. Deborah Bauer of local brokerage Drake Commercial Group represented Galleria Ventures in the sale.

Rich told me the proximity to good schools, high-priced single-family homes, retail and employers such as USAA and UTSA led Alliance to choose the property. The area's growth-path of rents in the area makes Class A development for developers such as Alliance, he said.

Alliance owns and operates 15 residential properties in the San Antonio area, including other several nearby properties such as Woods at Elm Creek, Landera and Celeste at La Cantera.

VP explains why pickleball-restaurant concept chose SA as first Texas location

SUBSCRIBER CONTENT:

Sep 26, 2018, 6:41am CDT

The combination of a chicken restaurant and pickleball complex is objectively a weird one. What may be even more curious is why this relatively new concept — started in 2017 with only two locations in Kansas City, Missouri, and Wichita, Kansas — chose San Antonio for its first location in Texas.

Chicken N Pickle announced plans last week to open its third location on a 4-acre plot on San Antonio's northwest side at the corner of UTSA Boulevard and Vance Jackson Road. Projected to open in late 2019, Chicken N Pickle San Antonio will feature six indoor and four outdoor pickleball courts, lawn games, a rooftop bar and a full-service restaurant serving its signature rotisserie chicken dishes. The restaurant and pickleball complex will enable customers and guests to come and go as they please and do what they'd like. People who want to play pickleball and skip the restaurant can reserve a court or pay \$5 to enter "challenge play," in which winners stay on the court until they lose.

Chicken N Pickle said the new complex, which will span 2 acres, will be able to accommodate more than 500 people, with 300 people being able to fit in its 13,000-square-foot restaurant.

Despite having a novel concept, the company has aspirations to grow quickly and expand into Texas, and the team had been looking across the state for a while. Kellen Mumm, the company's vice president of business development, said San Antonio rose above Texas' other major metros for multiple reasons.

"San Antonio just sort of fit with everything we were doing," Mumm said. "We gravitated toward the Northwest side of town and [the University of Texas at San Antonio]. We thought it

was a great area and really had what we were looking for, and the stars just aligned when we found this land."

While he couldn't say which of the company's partners was the driving force behind adding pickleball to the restaurant's concept, he said the team has been fans of the sport for a while as a good workout and a fun way to meet new people. As approachable as pickleball is, Chicken N Pickle hopes to be as approachable to customers. Mumm said the company's two existing locations attract everyone from families who come to play Pickleball together to young people looking for a bite and a drink.

While no groundbreaking date has been set for the new location, Mumm said the company is working diligently to break ground soon.

Overland Park, Kansas-based Yaeger Architecture Inc. is designing the project, while ARCO/Murray has been hired as the general contractor.

Information About Brokerage Services

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

2-10-2025

TYPES OF REAL ESTATE LICENSE HOLDERS:

- **A BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- **A SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

A BROKER'S MINIMUM DUTIES REQUIRED BY LAW (A client is the person or party that the broker represents):

- Put the interests of the client above all others, including the broker's own interests;
- Inform the client of any material information about the property or transaction received by the broker;
- Answer the client's questions and present any offer to or counter-offer from the client; and
- Treat all parties to a real estate transaction honestly and fairly.

A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION:

AS AGENT FOR OWNER (SELLER/LANDLORD): The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent. **An owner's agent fees are not set by law and are fully negotiable.**

AS AGENT FOR BUYER/TENANT: The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent. **A buyer/tenant's agent fees are not set by law and are fully negotiable.**

AS AGENT FOR BOTH - INTERMEDIARY: To act as an intermediary between the parties the broker must first obtain the written agreement of *each party* to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
 - that the owner will accept a price less than the written asking price;
 - that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
 - any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

AS SUBAGENT: A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.

LICENSE HOLDER CONTACT INFORMATION: This notice is being provided for information purposes. It does not create an obligation for you to use the broker's services. Please acknowledge receipt of this notice below and retain a copy for your records.
